

FACULTY DIVERSITY ACTION PLAN TEMPLATE

Diversity, and the variety of experiences, values, and perspectives that arise from wide array of differences of culture and circumstance, is an essential driver for our outstanding research, teaching, scholarship, and public works. Such differences include race, ethnicity, gender, age, religion, language, abilities/disabilities, sexual orientation, socioeconomic status and geographic region, and more.

We must always strive to collectively grow and sustain a safe and inclusive environment that values all members of the Johns Hopkins University Community. This Action Plan is designed to provide to assist in focusing efforts on areas most in need of improvement.

Instructions:

Each Division is asked to complete Parts I-III below, on an annual basis. As you achieve divisional milestones, these data will assist Divisions and the University as a whole, in measuring our progress in increasing diversity, and cultivating a nurturing, creative and inclusive environment.

While it is within the discretion of divisional leadership to determine the scope and contents of the Action Plan, we encourage an inclusive approach, with a diversity of input that engages a broad cross-section of your faculty community.
