SCIENCE LESSON PLAN TEMPLATE

Learning Goal/Outcomes
Content Standard:
Skills:
Preparation – Building Connections to Curriculum
Literacy Connections(Text &/or Literature):
Needed Math Skills:
Material Assembly:
Introduction Building Connections to Kids
Introduction – Building Connections to Kids Connection to Kids & Previous Lessons:
Engaging Demo:
Initial Direct Experience with Concept
Hands-On Activity/Enrichment:
Science Skills Used:
Applied Math/Language Arts Skills:

<u>Discussion– Building Connections to Ideas</u>
"Why" of Experience/Key Points:
Applied/Extended Experience Puilding Peel World Connections
Applied/Extended Experience – Building Real World Connections
2 nd Hands-On Activity/Field Trip or On-Site Enrichment/Role Models:
Science Skills Used:
Applied Math/Language Arts Skills:
Social Studies or Issues Connections:
Performance Task –Understanding What Was Learned
Specific Product or Performance:
Math or Language Arts or Fine Arts Skills Used to Communicate Knowledge:
