EXAMPLE OF COMPLETED WORK PROPOSAL

Web Design Proposal

The following proposal is for Big Beast Brews & Beverages Ltd.

The Challenge: What Our Client Needs

- Big Beast Brews & Beverages is an award winning micro brewery looking to launch its latest product, Belligerent Badger Brew.
- The client is looking to create a new landing page for their product that will include updates from their launch campaign, special offers, contests and social network “challenges”.
The client would also like an informative product page, including video and reviews.
- The client would like the product page to be evergreen. the goal of the landing page is to become a hub to focus the entire campaign concept. The client would hopes that it will become an online hangout were people can socialize and have fun.
- The client has cited movies such as “Animal House”, “Old School” and “Super Bad”.
Sites that they have found inspiring:
<https://matsos.com.au/>
<https://www.camdentownbrewery.com/>
<https://www.oskarblues.com/>

Designs must include a beligerant bager.
Similar to the Looney Toons character “Yosemite Sam”.

Our Proposed Solution

- We propose an interactive page, that will include all of the features specified by the client.
- To add greater levels of interactivity, we propose 3 games that could appear (or using a link to off site games) these games should appeal bar/pub culture, drinking games, and all must feature the badger character in some way.
- For this it be aesthetically alluring and practical, we suggest outsourcing the design of the badger character and animation to an animatore that has worked with us on several projects.
We would also like to consider giving the character, and have him randomly shout harmless abuse (e.g. as would Looney Tunes characters) at the users.
- The product page will carry some of the zany appeal of the landing page, however, it must also have a formal feel, as this product is hoping to enter beer tasting competitions world wide.

This solution will require the following resources:

- Approved color scheme and font selection.
- Use of the Client's official branding kit (Logos, fonts, colours, etc.)
- Approved design of the landing page.
Approved content for the landing page.
- Approved design of product page
Approved content for product page
- Professional images of the product and the brewery.
Professional images of people in groups with the product (party, beach, home)
- Approved design of Badger character.
Animation of badger character
- 3 Approved Game concepts
Approved game designs
- Specialist code for links to live feeds from social media
